

# GLOBAL PLAYER IN ENERGY AND SERVICES

ENGIE group is a global reference point in **low-carbon energy** and **services**.

Our aim is to accelerate the transition to a **carbon neutral** economy by designing solutions that reduce energy consumption and respect the environment.

We are building today the low carbon energy system of tomorrow by accelerating the development of renewable energy and low-carbon energy infrastructure.

We have the goal to reach 80 GW of installed capacity from renewable energy by 2030, and the **"Net Zero Carbon"** by **2045**.

A mission that unites employees, customers and shareholders, and that allows us to reconcile economic results with positive effects on the planet and the people who inhabit it.
